Matte two-tone shell

PEG-based fill

SUPERIOR

High performance solid or two-tone shell paintballs. The perfect blend in stability, efficiency and ease-of-use makes this paintball a favorite amongst woodland and magfed players. Our special formulation promotes stable and accurate flight characteristics while retaining the fragility of the paintball for consistent breakage on target. When every hit counts...

- All weather performance
- Most consistent batch by batch
- Best paintball to improve your skill set
- Easy-to-trace visual flight path due to bright colored shell

TOURNAMENT

Tournament grade paintballs that have set an unrivalled quality standard due to their perfectly balanced size, shape and weight. This product is specially designed to achieve exceptional flight characteristics and pinpoint accuracy. The ball's extreme brittleness, coupled with our ultra-bright, hard-to-wipe fill makes it an ideal choice for lightning fast eliminations.

- Winning formula
- Highest accuracy
- Breaks perfectly on target – every time
- Perfect roundness and shape
- Most consistent batch by batch
- Laser beam accuracy
- Works smoothly with all high-end markers

RED MENACE

“Battle Couple” series paintballs for when the game gets rough. A slightly stronger shell than ProShar Tournament paintballs, enables you to keep playing when temperatures drop. The bright two-tone shell and special tournament fill assures that paint will be traceable towards the target while leaving excellent splash markings.

- All weather condition
- Breaks perfectly on Target
- High accuracy
- Works smoothly with all professional Markers
